Legend:
- Green = Compatible
- Red = Not Compatible
- Yellow = Testing In Progress

*Note: ISO variable rate mapping is only available if the PRO700 has ISO Task Controller installed.

**Note: Variable Rate Mapping differs depending on VT being used.

JD2600 - Variable Rate 3 Products

JD2630 - Variable Rate 4 Products

Case/IH PRO 700 - Variable Rate 7 Products

AGCO C1000 - Variable Rate 8 Products

AGCO C2000 - Variable Rate 6 Products

TopCon X30 - Variable Rate 4 Products

***Note: TopCon X30 version 3.22.14. If ECU is connected to a system that is already powered on, the pool will not upload to the X30. In order to upload the pool the system needs to be powered on together.
